

Lander St Bridge Project

Closure of S Lander St begins as soon as May 22

PROJECT DESCRIPTION

Starting as early as May 22, the Seattle Department of Transportation will be closing S Lander St for construction on the Lander St Bridge Project. S Lander St will be closed to traffic from 1st Ave S and 3rd Ave S through early 2020 while the new bridge is built. During construction, crews will maintain pedestrian and bicycle access on S Lander St. Crews will also maintain access to all adjacent businesses via local access routes (see map).

ACCESSING THE PROJECT AREA

Walking

Pedestrian access on S Lander St will be maintained during construction. The pedestrian route will shift as work progresses; please follow all marked detours and exercise caution when traveling through the work area. As always, please obey train signals and do not cross railroad tracks when the signal arms are down.

Biking

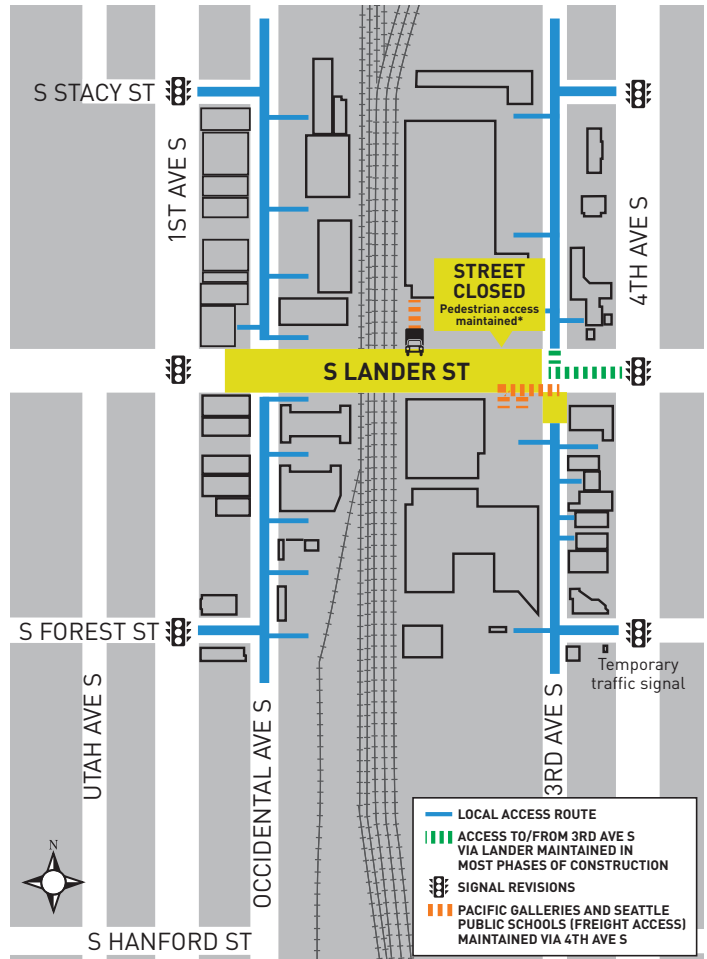

Bicyclists are encouraged to dismount and follow the pedestrian detour through the work area.

Driving

Through-drivers are encouraged to use S Holgate or S Spokane streets while S Lander St is closed. Please see the detour map on the back side of this flyer for more details.

MAY 2018 THROUGH SUMMER 2019

(project construction through early 2020; access changes for bridge ramp work)

*Pedestrian access will be maintained across S Lander St throughout construction

WHAT TO EXPECT DURING CONSTRUCTION

Noise, dust, vibration from construction equipment

Pedestrian detours

Detours around the work area

Short-term lane closures

PROJECT INFORMATION & CONTACT

Seattle Department of Transportation

STAY UP TO DATE

Once S Lander St is closed for construction, we will send regular emails (approximately every three months) to update the community on project milestones. Please visit the website to sign up for the project listserv. If you would like to receive more frequent updates (approximately every two weeks), such as changes to the pedestrian detour or more detail on construction activities, please email the project inbox: lander_bridge@seattle.gov.

Please contact us with questions during construction!
