

TELL US WHAT YOU THINK

November 2016

We're planning improvements to your street!

We're paving several streets in the neighborhood in 2018 and looking for feedback. Tell us about how we can improve safety and keep people and goods moving.

New street design concepts could include new or enhanced bike lanes and parking changes. See examples on our website.

See map (reverse) for locations.

Share feedback by completing a comment sheet, calling or emailing us by November 13.
