Subject: Swift/Myrtle/Othello Paving Project Update

Dear Neighbor,

As you may know, we're planning to repave about 1.75 miles of Swift Ave S, S Myrtle St, and S Othello St between S Albro Pl and Martin Luther King Jr Way S. This project will:

- Repave and restripe Swift Ave S, S Myrtle St, and S Othello St between S Albro Pl and Martin Luther King Jr Way S
- Improving the existing bike lanes along Swift Ave S and S Myrtle St between S Albro Pl and Martin Luther King Jr Way S
- Install and upgrade curb ramps to be complaint with the Americans with Disabilities Act (ADA)
- Make bus stop improvements in some places

Please check out the project map below to better understand the construction area.

As part of pre-construction work, the project was reviewed under the State Environmental Policy Act (SEPA). This process requires the project to complete a checklist to determine the probability of significant adverse environmental impacts from the proposed paving project.

The Seattle Department of Transportation has determined that the project will not have a probable significant adverse impact on the environment. As a result, they issued a Determination of Non-significance (DNS) today, January 11, 2018. This decision was made after review of a completed environmental checklist. The DNS and checklist are attached.

The public is invited to provide comments on the DNS and checklist. **Comments must be provided no later than 5:00 pm, January 25, 2018.**

In addition, any interested person may appeal this DNS by submitting a Notice of Appeal and a filing fee to the Office of the Hearing Examiner no later than 5:00 PM on February 1, 2018.

Please see the attached DNS for more information on providing comments and submitting appeals.

Lastly, we will use these emails to keep you up-to-date throughout the project, so please forward this email to others you think may be interested.
