

PARKING CHANGES, BIKE LANES, AND NEW STOP SIGNS COMING TO NE 70TH STREET

Construction starting as soon as Monday, October 15*

New bike lanes and stop signs will be added to NE 70th Street. During painting there will be temporary road closures, but they are expected to not last longer than a few hours at any one location. Construction will begin as soon as Monday, October 15, although road painting is highly dependent on weather and may begin later. Crews will place no parking signs on the street 48 hours prior to painting.

Crews will return later in the fall to complete the bike lanes and add new curb ramps and speed humps along NE 70th St. Please see the reverse side for a diagram showing NE 70th Street's new configuration which includes parking consolidation on the south side from 8th Ave NE to Roosevelt Way NE and parking removal between Roosevelt Way NE and 12th Ave NE.

During the first round of construction we'll install:

- New all-way stops at the intersections of NE 70th St at 8th Ave NE and 6th Ave NE
- New stop signs on Brooklyn Ave NE and 14th Ave NE where they intersect NE 70th Ave
- A sea farer-colored painted walkway on the north side of the I-5 overpass
- Protected bike lanes in both directions between 6th Ave NE and 8th Ave NE
- Protected bike lane (eastbound) between 8th Ave NE and 12th Ave NE
- Bike lane (westbound) between 8th Ave NE and 12th Ave NE

WHAT TO EXPECT DURING CONSTRUCTION

- Construction hours on weekdays, 7 AM – 5 PM
- Temporary road, crosswalk, and sidewalk closures
- Parking and loading restrictions
- Detoured walking and biking routes
- Noise, dust, truck activity, and vibration

**Construction schedule is subject to change*

PROJECT BACKGROUND

We're making improvements along NE 70th St between 6th Ave NE and 15th Ave NE to enhance safety for people walking and biking and improve connections and efficiency. In 2016, the NE 70th St and I-5 Crossing Improvements project was one of 12 selected by the Levy to Move Seattle Oversight Committee to be funded through the Neighborhood Street Fund (NSF) program. The NSF program funds projects requested by the community. The project will also create a Neighborhood Greenway

connection on NE 70th St between 12th Ave NE and 15th Ave NE. The greenway will connect the NSF project and the new protected bike lane on NE 70th St to the future protected bike lanes that are being added as part of the 15th Ave NE paving project. Greenway elements include speed humps and signage.
