

Accessible Mt Baker Potential Walking/Biking Improvements

These potential improvements are under review to be built by 2024

October 2019

- ① Shorten existing crossing distances and add sidewalk space
- ② Increase sidewalk width and repair sidewalk
- ③ Increase crosswalk width and add Leading Pedestrian Intervals*
- ④ Change north lane of Mt Baker Blvd to walk/bike only
- ⑤ No right on red heading north from MLK to Rainier
- ⑥ Artistic enhancements to pedestrian bridge
- ⑦ New crosswalks (includes relocating existing signal)
- ⑧ Improve pedestrian crossing and add Leading Pedestrian Intervals*

*Leading Pedestrian Intervals are a signal timing change that give people walking a head start to cross the street before drivers get a green light
