

# 2ND AVE AND DENNY WAY RAISED PBL

February 2022

## ABOUT THIS PROJECT

This Project will re-establish a protected bike lane (PBL) on 2nd Ave for about one block, just south of Denny Way. The previously existing PBL was removed by the Climate Pledge Arena developers (Oak View Group) in the fall of 2021. The 2nd Ave & Denny Way PBL Project will adjust the curb line to install a raised PBL at this location and install other pedestrian improvements, such as two new curb ramps.

This project is part of the North Downtown Mobility Action Program (NODO MAP) in coordination with the redevelopment of the new Climate Pledge Arena and other adjacent projects.

## WHAT'S NEW

- Extended curb to create a 130-foot raised two-way protected bike lane on the east side of 2nd Ave, south of Denny Way
- Maintains two southbound traffic lanes on 2nd Ave
- Shifted curb ramps at the southeast corner of 2nd Ave & Denny Way
- Accessible Pedestrian Push Buttons (in partnership with the SDOT Denny Way ITS project)

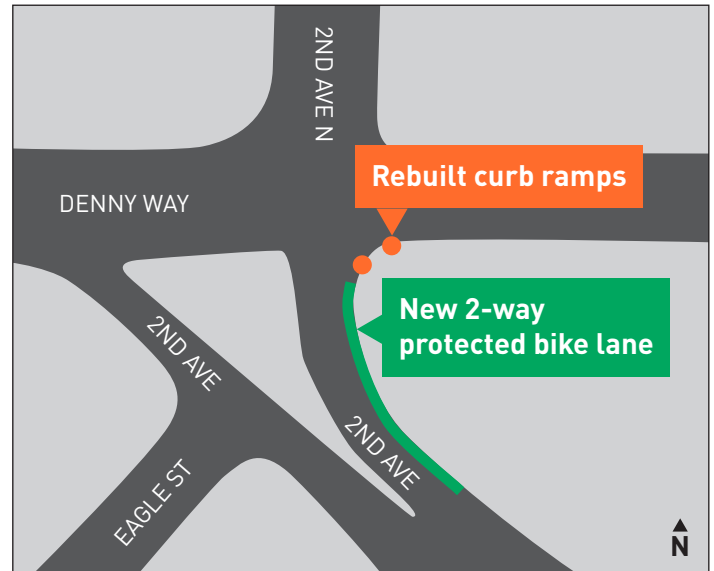

## SCHEDULE

We completed the early planning for this project in 2021. We are currently finalizing design, and plan to start construction as soon as summer 2022.

## FUNDING

This project is funded through the North Downtown Mobility Action Program (NODO MAP).

## PROJECT MAP

*Current conditions of project area looking south towards 2nd Ave from Denny Way.*
